

Year Two

Dear Parents / Carers,

We had a great time at West Wittering on Wednesday and made some fantastic sand sculptures. All the teachers were really impressed with the children's behavior, they were excellent ambassadors for Fern Hill.

We would also like to take the opportunity to say a huge thank you to all the parents who helped us on the day.

English

This week we have started writing our own versions of Flotsam. We are trying really hard to use exciting adjectives and adverbs as well as using a range of conjunctions to include lots of detail.

Maths

In Maths, we have continued looking at place value. We looked at number lines with different divisions and have estimated where numbers would be placed on blank lines.

Topic

As part of our seaside topic we visited West Wittering. Since returning we have had discussions about what we saw and are starting to think about common features a seaside has.

Notices

- Reading books have been changed this week, please remember to sign your child's reading record once you have heard them read so we know they can be changed.
- Please sign and return your child's generic consent and flu vaccination form. If you need a spare copy, pick one up from the office.
