

Year 5

Dear Parents & Carers,

Welcome back! We hope you had a relaxing half term - we enjoyed the break. This week in English we have been thinking about Remembrance Day and this has led to many interesting discussions on the topic. Through this topic the children have written emotional and respectful poems about remembrance.

In maths we have been revisiting written methods of multiplication, moving on from the grid method.

We have started our science topic of forces and have explored gravity with a ping pong ball.

Have a safe fireworks weekend.

Year 5 team.

Homework Reminder

Title Maths multiplication

We would like the children to complete pages 4 and 21 of their maths homework books. Page 4 revisits an earlier topic. Remember to continue to look at the sky to complete your moon diaries.

Remember that reading and times tables practice are crucial to helping your child learn.

Date Reminder
