

### Colours and Patterns

The jungle is so full of bright and exciting colours and patterns! Some of us had a go at making repeating patterns similar to the tiger and zebra stripes! See if you can spot a repeating pattern when you are out and about or maybe have a go at making one yourself!

(We used two alternating colours. You could extend your child by using three colours)

### Shapes

Can you remember some of the shapes we looked at? (circle, square, triangle, rectangle, diamond, star...and our tricky shape hexagon!)

We went on a shape hunt to find shapes in the Daisy classroom and garden and made our own pictures using these shapes.

### Next week

We will be introducing our first 'sound of the week'

's' for ssssssnake!

We will also be exploring rhyme with the help of lots of lovely books, songs and poems!

## Week ending 17/11/17

Daisy Class  
**Colours, shapes and patterns!**

### Socks please!!

If you have any spare clothing that you are able to donate to Daisy class (particularly socks!) we would be extremely grateful! Thank you for your continued support.

### Shoe laces

Please avoid sending children to school in lace up shoes.

Thank you.

### Parent helpers - Story Storks 5th December 2017

We are still looking for parent helpers on Tuesday 5th December for both Daisy AM and PM to help us travel to and from Kingston College. Please complete the helper form (in book bags) to let us know if you can make it! We travel with a ration of 1:2 so lots of help is required!

### Elmer

We were so excited that Elmer came to visit Daisy class this week and we had so much fun learning about colours, patterns and shapes with him . We even created our own giant Elmer to stay in Daisy class....see if you can spot him!
