

This week's sounds:

We have learnt 'w' for windmill, 'z' for zoo, 'y' for yoghurt and 'x' in box. We are continuing to work with the children to learn their high frequency words (word wallet). Please continue to look at these at home. **Please write a comment in the red diary when you read at home!**

Home Learning Workshop

Please join us next Friday 24th Nov 9.10-9.30am for our EYFS Well being talk.

This will be a short presentation followed by questions. We will not be going to the classroom afterwards. See you there!

Our focus this week:

We continued our Space topic this week and we looked at planets and the moon. How many planets can you remember? What interesting facts can you share?

Why not check out the SkyView app on an ipad or search 'Google moon' to explore further?

Week ending

11/17

Poppy, Bluebell and
Sunflower Class

More Christmas fun...!

We have started learning our Christmas songs ready for our concert on **1st December**. Please send in a (comfortable) red/green/Christmassy outfit by **Monday 27th November**. Please do not include large headwear as other parents may not be able to see their children!

WOW and thank you:

Thank you to all those who donated so generously for Children in Need! The children had such fun, and all for a great cause.

Maths

This week we have practised one more and one less. We have also explored weighing and estimating.

Next week we are looking at subtracting! Why not practise at home?

The children are keen to make things! Please bring in any recycled materials (junk modelling) from home. Please bear in mind these need to be clean, no meat containers or food that contained nuts, thank you.
