

This week's sounds:

This week we had a revision focus - we went over all sounds taught so far and practices blending and segmenting.

Challenge: Can you write a sentence using the sounds you have learnt so far?

Next week:

We will be looking at the story 'How to catch a star' and 'The way back home' by Oliver Jeffers and we will be using our imagination to develop our story telling. Can you tell a story at home?

Reading Books

Your child will be bringing home two reading scheme books now!

They *usually* consist of one sound book and one tricky word book. Your child can have a go at reading both books - please remember to comment in the diary.

Week ending 24/11/17

Poppy, Bluebell and
Sunflower Class

Our focus this week:

We read the story 'Aliens Love Underpants!' We designed and made our own aliens. Some children even designed their own planet for their alien. We went on an alien hunt "We're going on an alien hunt: we're going to catch a big one, what a beautiful night. Oh no, a banana planet, a squishy yellow banana planet."

Maths

This week we have continued to practise one more and one less. We have also looked at adding and subtracting two groups.

Next week we are looking at shape! Why not go on a shape hunt and see what you can find?

Christmas Concert:

Please bring costumes in by Tuesday 28th November as we will be performing a dress rehearsal and children will be photographed. We will send costumes home again on 29th November so that children can **arrive to school** wearing their costume on Friday 1st December.
