

# Computing @ Fern Hill Primary School

“A high-quality computing education equips pupils to use computational thinking and creativity to understand and change the world.”

[National curriculum](#) - September 2013

We teach all three aspects of the computing curriculum:

- Computer science
- Digital literacy, including E-safety
- Information Technology

National Curriculum Computing Document

<https://www.gov.uk/government/publications/national-curriculum-in-england-computing-programmes-of-study/national-curriculum-in-england-computing-programmes-of-study>

As well as teaching children the computing curriculum, we also make use of technology to support the teaching of other subjects.

In Nursery and Reception the children recognise that a range of technology is used in places such as homes and schools. They also select and use technology for particular purposes.
