

Year One

Dear Parents,

Your child's spelling book will be in their book back today. Please look at their books and help your child with those words that they struggled with.

Due to Art's week next week, we will NOT be doing High Frequency Words. Your child's words will be changed the week of the 29th.

Year 1 team.

English

In English, this week, we have been writing a letter to the old man explaining what Jack saw when he got to the giant's castle. We have focused on punctuation, using *amazing adjectives* as well as using conjunctions such as *and*, *so*, *because* and *but* to extend our writing. The children have also used their new understanding on the past tense in their letter.

Maths

This week in Maths we have explored the days of the week, the months of the year, the seasons and which months they fall in and sequencing events in chronological order.

Topic

In Computing this week we have been looking at e-safety and focused on how to be safe using the internet. We have looked at the school policy of *zip it*, *block it*, *flag it* and we have learnt the meanings behind these phrases. Can you children remember what these phrases mean? In Geography, we have been looking at our favourite type of weather and describing why.

House keeping

- Art's week is commencing next week. If you would like to help at any point in some of the Art activities please let you TA know on the gate and this message will be sent to your class teacher and we will let you know when might be the best time for you to come in. Many thanks in advance for your support.
