

Travel and Transport

We launched our new topic and so far the children seem to love it! We are covering all types of vehicle and whichever mode of transport they show they show interest in! Trains, cars, boats, rockets, aeroplanes...

Sound of the week

This week we learnt our new sound 'n'. We thought of lots of words beginning with 'n' and even spotted them in our names!

Number of the week

We did lots of counting this week and explored the number 3! We counted cubes, buses, trains and even planes!

The Number 65 bus

Wow, Daisy class have worked together to help paint the HUGE NUMBER 65 bus! Have you been on the bus? Where did you go? Maybe you could do some bus spotting and look out for the number on the front!

Week ending

02/02/2018

Daisy Class

Travel and Transport

Arts Week

Daisy class had so much fun during Arts week last week that we even managed to squeeze in a little more art this week! We found out lots about Antarctica and the Arctic! We made winter collage pictures, penguins, snow scenes, snowflakes, drip pictures and more! Make sure you come in and see the wonderful art on 7th and 8th February from 3.45-5pm

Memory Game

We played a memory game and you might like to play it at home too. 'I walked along the road and I saw...a bus, a tree, a friend, a shop' Add something new each time until you can't remember any more! Visuals really help so you could use real items or drawings.

Home Learning Challenge

You and your child might like to put together a page for our very own 'travel book' about a place your child has enjoyed going to. We would like your child to try to say why they think it is a good place to visit. This could be in Kingston, Great Britain or anywhere else in the world!
