

This week's sounds

We have looked at 'ai' as in rain 'ee' as in sleep 'oa' as in boat 'oo' as in look and boot

Tricky words:

they, said, like, come, some

Half Term challenge

Can you measure things in your home? See below for our half term challenge!

Junk Modelling

Please continue to bring in recycled materials (junk modelling) the children continue to be creative!

This week...

We have been thinking about our own stories, inspired by Harry and the Dinosaurs! We have also been thinking about Valentine's Day and what love means to us.

Week ending 09/02/18

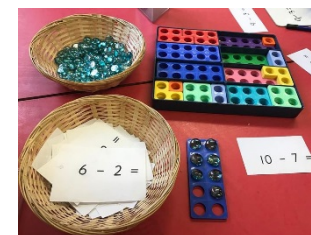

Poppy, Bluebell and
Sunflower Class

Show and Tell

After half term, we will continue to only accept show and tell items which are either linked to our topic, or something of personal significance or achievement (e.g. sports certificates, family news etc). Our new topic is: People who help us. Thank you for your understanding.

Maths:

This week in Maths we have been looking at measuring and addition and subtraction using objects, such as:

Fire station Trip

On 27th February we will be visiting the fire station in Ham. A letter will be sent out the first week back asking for helpers!

HALF TERM CHALLENGE - February 2018

Over half term, please spend time measuring with your child and record their mathematical learning on a piece of paper.

For example:

- Measuring toys/furniture in their bedroom
- Measuring and ordering shoes belonging to family members
- Measuring in the garden/park
- Measuring body parts

Please support your child to measure accurately using their hands, feet and tape measures- starting from 0. Feel free to be inventive and use other items as a unit of measure. We do not expect the children to record the activity themselves, however if they want to try writing numbers this is a good opportunity. We also welcome any photos of them measuring.

Thank you very much for your support,

Reception Team
