

Year Two

Dear Parents / Carers,

Thank you so much for all your effort with World Book Day costumes. The children looked wonderful and enjoyed talking about their favourite books. They also enjoyed bouncing for Bounce for Books.

English

We completed our learning about writing from real life experiences. We have included conjunctions, time adverbs and practiced writing in first person to write a piece from our experience of Roald Dahl Day. Next week we will be starting narrative writing looking at making our stories interesting.

Maths

This week we have been continuing to revise place value. We have been looking at number patterns and estimating on a number lines.

Topic

We had a fantastic Science Day on Wednesday! We had two brilliant science workshops, one looking at electricity where we saw Barbie's hair stand up on end! We then investigated objects with microscopes in the other workshop. The children had a brilliant day.

In topic this week we pretended to be Florence Nightingale and looked at her thoughts and feelings when she arrived at the hospital in 1854.

Notices

Change of date: The lady doing the Florence Nightingale workshop has postponed due to illness. She will now be giving the workshop on Friday 23rd March. This will take place in school.
