

Year One

Dear Parents,

Many thanks to all the parents that came to help support the children at Canbury Gardens this week. The children had a fantastic time and it was great to do some outdoor learning having fun exploring the trees and plants.

English

This week in English the children have still been exploring *The Tin Forest* but using the structure of the story to create a new version. The children have created a *Recycled Beach*. They have explored the beach and ocean habitat and what animals and plants live there. They have created dream catchers and thought about what dream a young child would wish for on a beach full of rubbish.

Maths

In Maths, the children have continued to focus on addition and in particular the relationship between number bonds for 10 and number bonds for 20. We have looked at working systematically to find the number bonds for 20 and used the 20s frames to help us. The children have also worked on missing number sentences relating to their number bonds.

Topic

In History this week we have explored Hampton Court Palace in preparation for our trip on Tuesday. We have thought about questions and what we would like to learn.

Deputy Head teacher's certificate
