

Year Two

Dear Parents / Carers,

We have had a great week and really enjoyed Sports Relief today. All children took part in skipping races to earn points for their house team. There was great team spirit as children supported and cheered others in their team.

English

We finished writing our stories about The Bear and the Piano and finally found out what actually happened in the end. Children worked hard on their independent pieces and we can see the progress they are making – well done!

Maths

This week we have had a focus on subtraction. We have looked at different methods that can be used and finished off by looking at the inverse relationship between addition and subtraction.

Topic

We really enjoyed our workshop and visit from Florence Nightingale today! Children were able to discuss what they already knew and ask questions to find out more about Florence and her life. After the Easter Holidays we will be learning about The Great Fire of London.

Notices

Easter Bonnet Parade: Children will be making their bonnets in school next week. If they would like to bring any small decorations they may but we have plenty of things in school to use too. Please check which day with your class teacher.

Also to clarify our trip to Bocketts Farm will take place on Wednesday 4th July.
