

Year 3

We would like to start by saying a huge well done to the children for working hard during this short but busy term. We are sure they will enjoy their well-deserved break.

Our final week has been very creative; the children have written their own Spring poems and designed some magnificent Easter bonnets. We are very thankful for all the Easter arts and crafts donations we have received.

In Maths, we have been consolidating our learning on bar graphs and pictograms by asking and answering questions about data. We have also finished the term with an Equivalent Fractions Easter hunt!

Have an enjoyable and relaxing Easter break.

Year Three Team ☺

Homework Reminder

Easter Homework

Plants, plants, plants!

Next term we will be starting our new science topic on Plants. We would like the children to prepare for this topic by creating a poster all about plants. The children could research the following for their poster:

- Parts of a plant
- How plants grow
- Life cycles of flowers
- Bees and pollination

The following websites could be useful.

<https://www.dkfindout.com/uk/animals-and-nature/plants/>

<http://www.sciencekids.co.nz/plants.html>

The poster could include facts, questions, diagrams, pictures and possibly photos.

Reading: Don't forget to keep reading over the holidays!

Date Reminder

Monday 16th April

First day of the summer term.

Thursday 3rd May

Beech and Elm to Gatton Park

Friday 4th May

Rowan to Gatton Park

Announcements

Unfortunately, Miss Shaw, our violin teacher was unwell this week. We have sent the children home with their instruments to practise over the holidays.

The children will be tested on the following times tables on 20th April.

Bronze: 5 x table

Silver: 8 x table

Gold: 4 x table

Ultimate: 7 x table
