

Year One

Dear Parents,

Well done Cornflower Class on a wonderful class assembly! It was lovely to see so many parents.

COMPETITION: In celebration of the upcoming Royal Wedding, the school has set a competition for the children to draw a picture or a collage of Meghan & Harry. There will be prizes! Entries in by Monday, if possible.

Year 1 team.

English

In English, the children learnt about using question marks and wrote their own questions to interview one another pretending to be the robbers and the police officer. This led to them writing a lovely police report about all the goings on at the farm in What the Ladybird Heard. They used all their immersion lessons to think about what strange noises the animals made and what the two robbers said to the police officers.

CHALLENGE: Can you write a question using this week's spellings?

Maths

In Maths, this week the children have been exploring how to half a shape and how to half a number. They have learnt the language, whole and equal. They have also realised that you cannot equally share an odd number in half keeping the numbers whole.

Topic

In Science, the children have planted cress seeds. We have changed the environment of each pot and the children have predicted which seeds will grow the best – a plant in a dark cupboard with water, near a window with water, near a window without water, outside with water and outside without water. Which will grow the best?
