

Year Two

Dear Parents / Carers,

The Year 2 team would like to celebrate the hard work of all the children this week in their SAT's. Each and every child worked unbelievably hard and we are very proud of them all. Next week we will be continuing with our Math's.

As we have been completing our assessments in Reading and SPAG, we will update you on all of the topic lessons which we have enjoyed this week.

Math's

Next week we will be practicing our Math's knowledge completing lots of quizzes. It would be fantastic if you could practice at home your times-tables!

Science

This week we observed and described how seeds and bulbs grow into mature plants. We discussed the fact that plants need light to make their own food in their leaves. Next week we will learn about how plants are best suited to a particular habitat.

Topic

We all enjoyed the Fire of London workshop this week. This week we have made posters and acted out the events of the Great Fire. Next week we will explore eye witness accounts of the Great Fire of London looking at the diary of Samuel Pepys.

Notices

Royal Wedding! We will be enjoying a special Royal Wedding lunch on Thursday (as part of normal lunch time) and following on with lots of creative activities to help celebrate the event.

PLEASE NOTE: As we will be doing our final quizzes on Friday morning please could children come dressed in normal school uniform and bring their outfits in a bag. All children will get changed before lunch time to enjoy the festivities.

Sports Day will be held at Dinton Field again this year on **Friday 25th May**. Please bring your child to meet your class teacher **at Dinton Field at 8:50am**. Sports Day is due to finish at 11:30am. We always welcome parents to help walk classes back to school so please express your interest to your class teacher on the day. We would greatly appreciate your support.
