

Year One

Dear Parents,

The high frequency words have not been changed this week as it proved impossible to fit in with all our various Active Week sporting activities. The children have thoroughly enjoyed taking part and learning new skills.

Year 1 team.

English

In English this week we have taken on the role of The Lonely Beast and written a diary entry recording our extraordinary adventures. We have used the skills we learned last week by adding suffixes 'ing' and 'ed' to verbs as well as using interesting adjectives to describe our journey.

Maths

In Maths, this week we have enjoyed very practical activities whilst learning to use direction and position language. These have included making up an obstacle course and guiding our partner through it as well as programming Beebots.

Topic

In Geography this week we have continued to learn about where we live by expanding our horizon and looking at our country and continent. We have learned to use a picture atlas to find out where England and Europe are on a map of the world.

Thank you to all of you who have sent in your contributions for our summer term activities. However, there are still quite a few missing. Could you please send these in via Parent Pay as soon as possible. If you are not registered, you can send in a cheque via the office. A receipt will be given. Many thanks.
