

# Year Two

---

Dear Parents / Carers,

We have had an action packed Active Week and have been very impressed with the children's enthusiasm and energy! We also had a fabulous time at Sports Day and hope you did too.

---

## English

We reviewed our learning on persuasive language and created posters persuading people about the importance of eating healthily and doing exercise. We started our sentences with phrases like 'Surely you agree...' and 'Many people agree'.

---

## Math's

We got in to the active spirit and used sports and activities to help us with our Maths. We made pictograms and answered questions about the data collected about our favourite sports. We also reviewed our estimating and partitioning skills. We had to explain our working out using reasoning.

---

## Active Week

We have all enjoyed a range of activities this week. On Monday and Tuesday we had a football workshop. Every child tried their very best for the sponsored run on Wednesday and on Thursday we enjoyed a skipping workshop. And then of course on Friday it was Sports Day which the children put so much effort into! Well done!

---

## Notices

**Next term our learning will be about 'Fun on the Farm'. We will be learning about animals and their life cycles and using maps to find out about the UK.**

**We hope you have a restful half term and look forward to seeing you all after the well-deserved break.**
