

Year One

Dear Parents,

Welcome back. We hope you have all had a relaxing half term break!

Thank you to those parents who have sent back the consent forms for Birdworld. If you have not done so please print it off at home and send it back in to school as a matter of urgency. If we do not receive the consent forms back, the class will not be able to go on the trip. Parents who have expressed an interest in coming with us will be informed shortly.

Year 1 team.

English

In English, this week we have been looking at poems from the book 'Rumble in the Jungle'. The children have worked out what animal is being described in certain poems and have performed one poem as a group using appropriate expression and movement to add to the quality of their performances. We were very impressed you have all shown great collaboration, one of our school values!

Maths

In Maths, this week we have been looking at place value. We have been using partitioning to work out how many tens and ones are in a two-digit number. The children have all worked very hard.

Talking point: Find as many numbers as you can that have 2 tens and less than 9 ones.

Topic

In Geography this week, we have started our new topic of animals and habitats; this week our focus has been micro- habitats. We have been outside and looked at the animals that live in the secret garden area.

Talking Point: Can you find any microhabitats where you live? What is living there?
