

## Year 3

We all had a relaxing and fun week off school and are ready to start the final half term of Year 3!

In Maths, we practiced our times tables and continued learning how to use the grid method. We feel a lot more confident doing multiplications.

This week in English, we recited a poem that we learnt at home. We gave each other feedback on what went well and how we can improve next time.

We also started using the new behavior system this week and many of us have shown blue behavior and even got onto the diamond!

Have a nice weekend everybody!
