

This week's sounds

We have looked at alternative spellings for some sounds we have already learnt. For example 'ou' in shout and 'ow' in cow. Please keep reading at home and write in the dairies as much as you can.

Junk Modelling

The children love modelling with recycled materials and it is great for their mathematical knowledge, problem-solving and artistic development. We would love more junk! Nothing larger than a cereal box please.

Maths

In Maths this week we have been looking at 3D shapes. We are learning to describe them using the terms 'edges and faces' (rather than sides and corners like we do for 2D shapes). What 3D shapes can you find at home?

Weekly News 15th June 2018

Poppy, Bluebell and
Sunflower Class

Dynamic Dads

We are very excited to invite Reception dads (and uncles, grandads etc!) to our Dynamic Dads workshop, 9-10 on Friday 13th July (after the dads breakfast). We will be setting up lots of exciting learning opportunities to enjoy with the children.

Summer fair!

We hope you know already but just a reminder about Fern Hill summer fair which is tomorrow! Please come along to enjoy the fun with us!

Hot Weather

We are doing our best to make sure the children drink lots of water throughout the day. Please ensure the children's bottles contain water only (not squash or juice) **and are named**.
