

Year Two

Dear Parents / Carers,

We have sent home the children's English and Math's books today for you to enjoy looking at all the progress they have made over the year. We would appreciate you taking the opportunity to look through the books and write a comment on the slip at the end of each book.

English

This week we completed our detailed descriptions of the North Wind from the story 'A Necklace of Raindrops'. We focused on including adverbs and suffixes into our paragraphs. Next week we will begin looking at poetry. If you have any favourite poems your child would like to share or even recite to the class we would enjoy hearing them.

Maths

In Math's this week we reviewed our knowledge on reasoning with addition. We also practiced solving word problems with more than one step. e.g. which has the most biscuits, 4 packets of biscuits with 5 in each packet or 3 packets of biscuits with 10 in each packet?

Topic

We have started our Geography focus by using maps to locate the UK and Brazil. We have started using our knowledge of human and physical features to compare these two different countries.

We have been looking at the human life cycle in Science and matching adult animals with their offspring. We can name some of the adult and baby animals.

Notices

School trips –

We are missing many consent forms for both trips from many children. Please do complete them and bring them in to ensure your child can go on the trip. If you have lost a form come and see us as we have spares!

We have notified parents if we would like you to join us on our school trip to Brockett's Farm this term. Please make us aware as soon as you can if you can no longer come. Thank you to all parents who have offered to help. We really appreciate your support!

We are still looking for volunteers for trip to Polka Theatre so please do come and see us if you can help on Friday 29th June.
