

Year 5

Dear Parents and Carers,

The highlight of this week was our trip to Kidzania. There was a great deal of excitement by the children throughout the day as they were able to be: part of the emergency services, radio & TV presenters, racing car drivers, Pokemon animators, smoothie makers and postmen to name a few. They were then able to spend their earnings in the shop.

We hope you enjoyed looking through the English books last week and been able to see the great progress that your child has made. We are certainly very proud of them. This weekend we are sending home their maths books for you to look through with them and reflect on their learning. Please ensure these are returned on Monday.

Microsociety has been continuing; the children are beginning to understand the impact of running a business with taxation being decided and how partnerships work (or not). They have had to consider their marketing strategies for their own product but also the healthy muffin that each society will create. The children have brought in their ideas, we will select the favourite choice and they will begin manufacturing, in school, the week beginning 9th July. The muffins will be available for sale at the assembly for real money. All proceeds go to charity.

Over the next two weeks, there will be two Bikeability courses running from 10-12 am for the children selected. They must ensure their bike is in good working order and they bring in their helmets.

We wish Mrs Brechin well as she has had a minor procedure on her arm this week. We hope to see her with again next week – pain free!

Have a good weekend in the sunshine,

Year 5 Team ☺

Homework Reminder

Reflection on maths: To ensure you go through your maths books and reflect on areas you are confident in and areas to

Mrs Fox's Maths Group: Complete the maths sheets provided.

Ms James' Maths Group: Please complete the maths booklet.

Date Reminder

July 4

Microsociety to Y4

July 12

Microsociety Assembly

Announcements

Microsociety.

We would like to do a mini trading session between the classes next Tuesday to give the children a taste of what to expect. A small amount of product will be needed if they are manufacturing anything.

We will then be trading to Y4 children on Wednesday and to parents on the 12th. Children need to ensure they bring in products on these dates.
