

Year Two

Dear Parents / Carers,

Year 2 had a brilliant time on the West Wittering trip on Thursday. We were very pleased that the weather was so sunny! The children were exceptionally behaved all day. We had lots of fun collecting shells and made amazing sand sculptures on the beach.

Thanks to all the parents that gave up their time to support us and also a special thank you to Mr Pantlin for your support too.

English

This week we have focused on grammar looking at nouns, adjectives and conjunctions. This is in preparation for writing a recount of our trip to West Wittering. We have also begun phonics daily in class focus on the ai, a-e, ay alternatives. Next week we will look at ee alternatives.

Maths

In Maths, we have continued looking at place value. We have been ordering and comparing numbers using a 100 square to help us. We used our estimating skills to make reasonable guesses of how many objects we could see. We have been ordering and comparing numbers using a 100 square to help us. We also learnt the greater than and less than sign. Can you remember how to draw them?

Topic

In Science we worked as a group to classify whether a range of things were living, had lived or never lived which raised some interesting discussions.

Notices

- Reading books will have been changed this week, please remember to sign your child's reading record once you have heard them read so we know they can be changed.
- Reminder- please ensure all items of clothing to be named, we have quite a few jumpers in class with no names.
- Please remember if you have any queries in the mornings speak to teaching assistants or if you need to see the class teacher they are available at the end of the day.
- Thank you very much for all the parents who have offered to help with reading and changing library books. We will get back to you as soon as we have more details.
