

# Year One

Dear Parents,

We have had a lovely week this week. We kick started our Toys topic by having a visit from the Toymaker. The children looked at toys from Victorian times and compared it to their toys they have at home today.

The children Please could your child bring in a **named** toy from home for next week's History lesson. Please bring them in for **Monday** and we will keep them for the week. Ask your child to think about the materials their toy is made out of.

## English

We have started our new story this week The Everywhere bear. The children have loved hearing about where the class bear had travelled. We acted out his adventures and wrote speech bubbles about what he had got up to!

## Maths

In maths this week we have been finding different ways to group objects. We then moved onto counting objects accurately to 10 and beyond.

## Topic

We have learnt about the French Artist Henri Matisse. We created self-portraits by cutting and sticking colored paper to make modern art.

**Talking point:** Can you find any portraits by famous artists that you like?

## Phonics

In phonics, we have been reviewing **ee**, **oa**, **oo**. Can you think of words with these sounds? Can you have a go at writing them?

## Deputy Head Teacher's Award

### Lavender
