

Year 4

Dear Parents & Carers,

It's been a fun-filled week in Year 4. We have published our instructions for 'How to Wash a Woolly Mammoth' and have used our Top Trump homework task to start our own instructional writing. In Maths, we have continued working on place value, adding and subtracting 10, 100 and 1000. We have also looked at ordering and comparing 4 digit numbers.

In History we looked at the different periods of the Stone Age and added the final touches to our cave paintings. This week in Science we have introduced evaporation and condensation and are starting to use scientific vocabulary.

Now that the weather is beginning to turn, please could you make sure that your child has joggers and a sweatshirt for outdoor PE. Please remember that the children will be coming home in their PE kits on Thursdays.

Also, make sure that your child's PE kit is in school every day. Unfortunately, a few children were not able to fully participate in the lesson this week as they had no kit ☹

Have a lovely weekend.

Year 4 Team ☺

Homework Reminder

Today the children have been tested on Week 1 spelling words. Next week we will teach the 3rd list of spellings and next Friday 28th they will be tested on the 2nd list of spellings. Please encourage and support your child to learn these.

In addition, we have set a Maths homework which reinforces the learning that the children have been doing in class on place value. This is due back on Wednesday 26th September. Please make sure your child's name is on their work.

*Those children who are in Mrs Brock's maths group have been asked to design a poster on place value.

Date Reminders

Flu Immunisation

Wednesday 3rd October 2018

Butser Farm

Friday 12th October 2018

(details to follow)

Announcements

Please could you send in any empty, washed 1 pint plastic milk cartons for an upcoming art lesson. We are making woolly mammoths.
