

Year 4

Dear Parents & Carers,

This week we have begun working in English on our new text, UG. The children are loving the story of the Stone Age boy who is clearly ahead of his time. We have also started researching facts about the Stone Age. In maths we have been rounding to the nearest 10,100 and 1000.

In History we designed property details for a Stone Age house in Skara Brae. In Science we set up an investigation into evaporation and condensation by setting up a solar still.

Hopefully, you have all received a letter and consent form about our upcoming trip to Butser Farm. If not, please let your class teacher know. We would appreciate having both forms back ASAP.

Have a lovely weekend.

Year 4 Team 😊

Homework Reminder

Today the children have been tested on Week 2 spelling words. Next week we will teach the 4th list of spellings and next Friday 5th they will be tested on the words they have been learning this week. Please encourage and support your child to learn these.

This week, we would like the children to carry out some further research into the Stone Age. They can choose a topic of their own choice but here are some suggestions: cave paintings, beliefs, food, hunters, and humans. An excellent website for research is **DKfindout.com**. Please could the children write their facts in their English homework books. This should be no longer than one page.

Please remember that reading is also part of weekly home learning. Your child should read every day, noting the page numbers they have read in their home school diaries. One or two comments about the book each week would be good!

Date Reminders

Flu Immunisation

Wednesday 3rd October 2018

Butser Farm

Friday 12th October 2018

Announcements

Thank you for the milk cartons. We just need a few more and then we will be able to make our woolly mammoths.
