

Year Two

Dear Parents / Carers

It was lovely to see you all at parents evening this week. We hope you have a restful half term break and thank you for all you support this term.

English

This week we have continued to enjoy 'The lighthouse keeper's lunch'. We have written letters this week in character as Mr Grinling and have been explaining to his brother what has been happening and how he has been losing his lunch. The children did really well at asking a question and using conversational language throughout their letters.

Maths

In Maths, we have been looking at the inverse of addition and subtraction. We have used the bar model method, tens and ones counters to demonstrate our understanding of the inverse. We also looked at adding three numbers.

Topic

We enjoyed our 'Green Day' on Tuesday and had good discussions about the environment. We look forward to seeing the healthy hedge continue to grow. In Science we looked at the difference between consumers and producers and predators and prey through food chains.

Notices

Next half term we will be learning about Captain Scott in Topic and continuing with animals and habitats in Science. Please encourage your children to read up over the half term about these topics if they wish.

Please remember school starts on Tuesday 30th October for the children after half term.
