

Year Two

Dear Parents & Carers

Welcome back! We hope you had a wonderful and rested half term. Please can you bring back your child's PE kit and make sure it's named. Please could the children have indoor and outdoor kit in their PE bag?

English

This week we have started to look at the story 'Lost and Found'. We have acted out the beginning, middle and end and have explored the different vocabulary in the story, finding the adjectives and conjunctions.

We also had a lesson looking at using the conjunctions - and, but, because, so, when, if - in our writing.

Maths

In Mathematics, we have been measuring lengths and heights using non-standard and standard units of measure.

We measured different items using cubes and rulers. We learnt how to measure accurately.

Topic

In Science we followed up on our lessons on food chains and used our knowledge to create colourful food chains in paper.

In Geography we were naming and locating continents and oceans.

Notices

We will be sending home your child's Maths quiz, which they complete fortnightly, to look over. Please ensure they are returned on the Monday morning.

We are in the process of planning our Christmas production based on our story of Mary and Joseph. If any parent does not want their child to participate, please inform your class teacher by the end of the week as roles will be cast over the next couple of weeks.

A reminder now we are back to school: hair should be tied back and no jewellery or nail varnish worn in school. Thank you.
