

Year 4

Dear Parents & Carers

It has been a very productive first week back and lovely see all the children with fresh faces after a restful half term week.

We have now started our new topic in English with 'Stig of the Dump'. The children have enjoyed highlighting words that describe the setting and have created some imaginative artwork from re-reading the first chapter.

In Maths we have been learning about perimeter and rectilinear shapes. This involved going outside to walk the perimeter of rectangles in our playground and investigating word problems. The children have really enjoyed working practically this week and with a friend to find the longest possible perimeter of a patio.

Over the next 2 weeks we will be starting our new topics of rivers in Geography and electricity in Science.

Year 4 Team ☺

Homework Reminder

OPTIONAL HOMEWORK TASK:

There have been some fantastic Stonehenge models brought in already. If you are still working on them, they are due in on **WEDNESDAY 7th NOVEMBER**. Please don't make the models too big as we do intend to display them in school – full size replicas are not required!

From the assessments we completed at the beginning at the Autumn term, the children have been tested on the appropriate times table that they need to work on. Your child should bring home the particular times table that they need to practise at home.

Date Reminders

Kew Riverside Trip

Wednesday 14th November
- Larch & Yew

Friday 16th November -
Chestnut

Announcements

There are still a few consent forms pending for our Thames Explorers trip (14th and 16th November). We ask that all consent forms are handed in by Monday 5th November.

Chestnut class only have 1 helper so far, so please let Mrs Brechin know whether you are available for the 16th November.
