

Year Two

Dear Parents and Carers

Happy Diwali to our Hindu families.

English

We have been exploring the story of Lost and Found even further this week by creating some of our own ideas based on this book. We have created our own Arctic or storm scene and we have looked closely at the settings we will find in our stories. We finished the week by looking at model texts and next week we will start bringing our ideas together in a written story.

Maths

In Maths this week we have been looking at calculations and the different ways to represent them. We have shown our working using a part/whole model, bar model, tens frame and number line.

Topic

In PSHE we have spoken about the value of kindness and how we can be nice to one another both in the classroom and the playground. Next Tuesday will be a school celebrated 'Kindness Day'.

As part of our Religious Education we have looked at the festival of Diwali and designed Mendhi hand templates.

Notices

We are very pleased with the spelling journals and have enjoyed looking at all the hard work your child has completed. Please ensure the journals are in your child's book bag every Thursday.

Next Friday (16th November) children are invited to wear Mufti to raise funds for Children in Need.

We have started preparing for our Christmas Concert. Please look out for a letter about your child's costume coming soon.
