

Year One

Dear Parents and Carers,

We have had another good week in Year 1. We had fun dressing up in spots on Friday and raising money for a great cause.

English

In English this week we have continued with the book 'Beegu'. The children have written a letter to Beegu's friends back home. They have written about what life is like in the school Beegu visited, including what the children looked like and what games they played together. All the children have thought about the verb tense they were writing in.

Maths

In Maths this week, we have continued to look at subtraction. First we solved some subtraction problems by jumping back on the number line. Next, we looked at finding the difference between two numbers. We discussed the difference by asking 'How many more?' and physically solved problems using our counters and numicon.

Topic

In history this week we have been looking at Tim Peake. We have explored where he lived for 6 months (in an international space station!) and we have written a question we would like to ask him. We were very impressed with the questions the children produced. *What punctuation mark do you use at the end of a question?*

In science we have continued looking at the seasons and created a tree showing what happens in each season. The children had a fantastic afternoon of art and really enjoyed it.
