

## Year Two

---

Dear Parents / Carers,

We are starting a new unit of work on producing an information text on Polar Bears next week. Whilst we will provide information sheets for the children please encourage your child to either visit the local library or look at websites to collate additional information on Polar Bears. Please bring these in to class for next week.

---

### English

We are very proud of the children this week with their amazing descriptive writing. They included adjectives, conjunctions and similes in their stories and the presentation and handwriting was excellent. Well done to all.

---

### Maths

In Maths this week we have been comparing number sentences using the 'equals', 'greater than' and 'less than' signs. The children have worked hard in pairs to demonstrate their understanding visually.

---

### Topic

In Topic this week we have been learning about Captain Scott and ordered his journey to the South Pole.

This week we spoke about UNICEF's Rights of the Child. Classes were involved in very interesting discussions and listened thoughtfully to each other. Each class has selected an ambassador to represent this cause in the school.

---

## Notices

Thank you very much for all the parents who have already said they are able to help with our trip to the Cornerstone Hub for the Christmas Journey story. We are still needing parents to help so please do come and see us if you are able to. A gentle reminder to return the consent slips when possible.

The children all looked amazing in their spots today for Children in Need - thank you for all the money raised to support the cause.
