

Year 4

Dear Parents & Carers

We all thoroughly enjoyed our 'Thames Explorers' trip this week where we had the opportunity to explore the River Thames and identify living things. We discovered that the Thames isn't as polluted as we predicted it would be! Thank you to all the parents that offered to help us with the trip.

We have now come to the end of our 'Stig of the Dump' topic and have produced some short stories about the adventures of Stig and Barney. The children have been working really hard to include expanded noun phrases into their writing.

In Maths we have been learning how to convert kilometres to metres and vice versa. We have also practised using our 6 times table and explored different ways to represent the fact families.

On Monday, if you would like to come and have a look at all of the Year 4 Stonehenge models, we will have a drop in session for parents. After Monday, your child may take their models home with them.

Have a lovely weekend!

Year 4 Team 😊

Homework Reminder

This week's homework task is to create a fact file about a world river of their choice. They could include:

- Country/continent
- Length
- Famous bridges
- Its source and mouth
- Fascinating facts.

If you require white A4 paper, please ask your child to request from their teacher.

On Mathematics, we have set 4 tasks to be completed in their own time. There are 2 on perimeter and 2 on multiplication.

Announcements

Monday 19th November

3.30pm-4pm Drop-in session to see the Stonehenge models.
