

# Year One

Dear Parents and Carers,

We have had another good week in Year 1. We have started learning all the songs for our Christmas concert which we are sure the children will be singing at home!

## English

In English this week we have started our new book Whatever Next! By Jill Murphy. The children have looked at past and present tense and had a go of re-writing a sentence from the present to the past tense. The children also had a look at different planets and thought of some amazing adjectives to describe what it looked like before creating a super sentence! We were so impressed with all the adjectives the children thought of and the sentences they created!

## Maths

In Maths this week, we have been looking at 2D and 3D shape. The children started the week by looking at 3D shapes and describing how many edges, vertices (or vertex) and faces it has. Then children then moved onto looking at 2D shapes using the information they knew about 3D shapes to help them.

**Topic:** In history this week we have looked at the space race between Russia and America. We looked at the astronaut Neil Armstrong and learnt about what happened in 1969.

In science this week we have continued to look at seasons. We thought about how the days and nights get shorter or longer dependent on what season we are in, we then moved on to look at what activities we can do in the summer and winter months.

## Deputy Head Teacher's Award

**Lavender**

Annabelle

Dylan

**Cornflower**

Rei-Green

Aayush

**Foxglove**

Giorgio

Dia

**Reminder: If you have not paid the £2.50 for the Christmas Pantomime please can you do**

**In phonics this week we have been learning;**

Mrs Torres and Mrs Aurelius' group: ch, sh, th and ng.
