

Year 4

Dear Parents & Carers

This week, the children have been well and truly immersed in Romeo & Juliet. They are enjoying the story through a range of drama activities and letter writing.

In Maths we are continuing with our topic of times tables. We have focused on 7x, 11x and 12x. The children have continued to explore different ways of representing the number facts and have been looking for patterns.

In Science, children have been creating simple electrical circuits with the addition of a switch. They have been experimenting with the equipment, exploring why some circuits work and why some don't.

Please check in your child's bag for the letter and permission slip for this year's Christmas Concert. Please return the slips to your class teacher. We would also be grateful to receive any outstanding slips for Hansel and Gretel at the Rose Theatre.

Have a lovely weekend!

Year 4 Team ☺

Home Learning Reminder

This week's homework task is to design a new bridge to cross the River Thames. This should be a drawing. If you need any plain A4 paper, please ask your child to request one from the teacher. For inspiration, take a look at the Dragon Bridge in Da Nang in Vietnam.

Make sure your child is reading every day and whenever possible listen to them reading or discuss the book with them.

Please also ensure children are practicing their spellings and times tables regularly.

Date Reminders

Thursday 6th December

Fern Speak Finals.

Friday 7th December

Mufti Day in aid of PSA
Tombola donations.

Tuesday 18th December

10:15: Concert at All Saints' Church.
