

THANK YOU

A huge thank you for all the kind donations before the holidays! St Peter's church in Kingston were very pleased to receive teas, coffees and biscuits for their shelter. And Crisis were very happy to use the rest at their centre in Bermondsey!

Next Week

Next week we will be looking at number 8 in maths. In phonics we will be learning 'ch' and 'th'. We will be reading 'Harry and the bucket full of dinosaurs' and planning activities around this story.

Welcome back!

Our topic this half term is 'What happened to the dinosaurs?' Please feel free to share any dinosaur books and facts with us. Please only bring in dinosaur related items for show and tell. If your child wants to share any photos from their holiday this week for show and tell, that will be ok.

Happy New Year

Welcome back, and Happy New Year! We have been talking and writing about our holiday news, it has been lovely to hear about all the children's exciting days out and family outings.

Phonics

We have learnt two new sounds this week, 'qu' for quack, and 'sh' for sheep.

Challenge: Can you write a sentence using the sounds you have learnt so far? Try using a tricky word too! Bring in your sentences to show us, or record on tapestry.

Week ending 11/01/19

Poppy, Bluebell and
Sunflower Class

PE Kit

Please remember to bring in your child's PE kit as soon as you can. We will be getting changed next week!

Children can have plimsolls or trainers (maybe more suitable) for outdoor PE.

We do indoor and outdoor PE so you will need to provide for both. **A t-shirt and shorts** for indoor and a **tracksuit and trainers** for outdoors

Requests

The children LOVE junk modelling. Please continue to bring in empty boxes, bottles, bottle tops ect..

Sunflower class and Bluebell class are still looking for parent helpers to help with our outdoor learning activities.
