

# Year 4

Dear Parents & Carers

Welcome back! We hope you had a lovely break.

This week in English, we have started reading and immersing ourselves in the story 'Snow Spider' written by Jenny Nimmo. The children have enjoyed the story so far.

In Maths, we are continuing with our topic of multiplication, and we have been learning how to multiply 2-digit numbers by 1-digit numbers using long multiplication.

This week in Science, we have begun learning about the digestive system. The children have started to explore what the digestive system is and the role it has in our body. They have found it really interesting to learn about our body and how amazing it is!

Have a lovely weekend!

Year 4 Team ☺

## Home Learning Reminder

This week, the homework will be Mathletics for multiplication.

Please also ensure children are practicing their spellings and times tables regularly.

If any parents would like to volunteer to read with the children first thing in the morning/end of the day on a day during the week, then please speak to the class teacher.

## Date Reminders

### Monday 21<sup>st</sup> January

Art Week starts

### Thursday 28<sup>th</sup> February

Swimming talk

## Announcements

### A note from Mrs Brooks...

*Dear Parents and Children of Chestnut,*

*I just wanted to say a big thank you for the lovely Christmas card and gifts. It was very kind of you all. Sadly I'm not in school to say thank you in person at the moment as I'm recovering from a recent unexpected operation, but I hope to be back soon. I miss you all very much.*

*Wishing you all a very Happy New Year!*

*Mrs Brooks*
