

Arts Week...

We will continue our focus on birds. Don't forget our whole school exhibition is straight after school on **Thursday 7th Feb and Fri 8th Feb.**

Forest Fun!

This term we are introducing 'Forest Fun' sessions. During these sessions we will be exploring the Secret Garden area and taking part in outdoor challenges. In order to do these sessions, we do need parent helpers on a weekly basis to help support us with this. Grandparents are welcome too!

Please see class teacher if you are interested!

One of our bird feeders..

This week's sounds

We have learnt the following sounds: 'ng' as in ring and 'oo' as in moon and book. These are in your key word wallets so you can practise at home.

Tricky words:

they, you, her, all, are, was

Week ending 25/01/19

Poppy, Bluebell and
Sunflower Class

Top Tips

We use 'Jolly phonics' sounds songs at school. They are available on youtube or download the free app, and are a great way to revise the sounds your child is still finding tricky, just by having them on in the background!

Similarly there are lots of counting songs too! Or even yoga videos! :)

This week we have...

been reading 'Birds' written by Kevin Henkes and illustrated by Laura Dronzek We have been looking at and talknig about the pictures to help inspire our artwork.

Maths

The number we have been learning about this week was number 9! We have been investigating different ways to make 9 - eg, 5+4, 6+3. We have been looking at spots on dice to help us know what this number looks like without having to count each time.

Spare clothes

Please return any clothes that your child has been changed into at school. Lots have been borrowed and not returned, so we have run out of clothes!
