

## Year Two

Dear Parents and Carers

This week, we have been getting back to normal after a hectic Arts Week. We can't wait to show you all the different pieces we have created!

### English

This week, we have finished our work on the book 'Wild'. We have been looking at the book from a different character's perspective and how they might feel. We then wrote another recount independently from this different point of view. We were continuing to focus on writing in the past tense, using new, interesting vocabulary and the first person (I).

### Maths

This week, we started looking at division. We thought about what the symbol ( $\div$ ) means and how we can solve sharing problems practically. We then moved on to looking at grouping as a way of solving division questions.

### Topic

Thank you to all of those who brought in their socks this week. If you have not already done so please could children bring one in as soon as possible as we will be doing the practical element of our investigation next week.

**Talking Point:** Have a look round your house. Can you identify what things have been made out of? Can you think why that material has been chosen?
