

## Year Two

Dear Parents / Carers,

Welcome back to what we hope will be a fun-filled second half of the Spring term.

We have many exciting things to look forward to next week. On Tuesday, there will be a workshop on Florence Nightingale to help bring the topic to life and extend the children's learning.

On Thursday, we will be dressing up and celebrating World Book Day and look forward to seeing all your book box creations! On Friday, children will be bouncing for books so please remember to get those sponsors!

### English

This week, we have started a new book called 'The Bear and the Piano'. The children have enjoyed the start of the story, created some beautiful artwork and used expanded noun phrases and conjunctions in their writing.

### Maths

This week, we have started a new topic of Shape. The children have explored the differences between 2D and 3D shapes. They have also looked at the properties of and been able to label the number of sides and vertices in a range of different 2D shapes.

### Topic

In Science, we learnt about John Boyd Dunlop and what led him to invent the pneumatic tyre. In history, we used role-play and drama to explore Florence Nightingale's feelings and thoughts when she first got to the hospital in Scutari.

### Notices

5<sup>th</sup> of March: Florence Nightingale workshop

7<sup>th</sup> of March: World Book Day

8<sup>th</sup> of March: Bounce for Books

Please remember to sign up for your parent consultations.
