

Tapestry
Online Learning Journey

Don't miss out on all the fantastic learning experiences being shared to Tapestry of your child in Daisy Class. Don't forget you can add your own photos and videos too! If you are having any problems setting up your account or accessing Tapestry please speak to Miss Roberts.

Egg Rolling

On Friday 29th March, we are going to have fun rolling eggs. Please could each child bring one hard-boiled egg in a named bag. It can be decorated if you wish but it will probably get broken during the egg rolling. It would be helpful if you explain this to your child and that it doesn't matter. We are not going to eat the eggs!

Stay and Play

We are really looking forward to welcoming you next week to our 'Stay and Play' sessions. (Monday 25th, Tuesday 26th and Wednesday 27th) We anticipate sessions will last between half an hour and an hour although please leave before if you feel ready (or if younger siblings are ready!)

Daisy Class

Sounds

This week we have been looking at lots of different letters in the alphabet and the sounds that they make. We have played lots of alphabet games to help us remember. Have a go at home. Pick letters from the alphabet and have a go at making the different sounds.

Number of the week

Over the last 2 weeks we have recapped and consolidated our numbers 1-10. This week we have explored our next new number of the week **11!** We did lots of counting, had a go at recognising our numbers to **11** and even beyond! We really enjoyed finding different ways to represent **11!**

Weather

This week we explored the different types of weather! We watched lots of videos of weather and talked about the rain, sunshine and wind that we have seen in the last two weeks. We talked about our favourite weather and used watercolours to paint weather pictures.
