

Year Two

Dear Parents / Carers,

Thank you to those parents who attended the parent consultations meetings this week – we hope you found them informative and feel pleased with the progress your child has made so far in Year 2.

English

We have been reading our new text Flat Stanley this week in English.

Children have explored ‘feeling’ words and categorized them into synonyms. We have been writing in first person to describe Stanley’s feelings in the book and used drama and role play to bring the story alive. We have been thinking about conversational phrases too.

Maths

We have continued our work on fractions this week, looking at halves, thirds and quarters. It is a tricky topic but children have enjoyed the learning – particularly the lesson where the teachers had to ‘share’ a cake! A great way to get the children excited about Maths!

Topic

This week, we wrote letters to Queen Victoria from Florence Nightingale about the conditions of hospitals in her time. The children wrote persuasively and with emotion – well done.

Talking point: How have hospitals changed today?

Notices

Thank you to the parents who volunteered to help at the Singing Festival on Friday.

A reminder to continue to practice times tables at home – the expectation by the end of Y2 is that children are confident with their 2x, 5x and 10x (at a minimum).
