

Maths

This week we have continued exploring teen numbers. We have also been looking at graphs and had a go at making our own pictogram.

This week's sounds

We have been revising 'ar' for star, 'or' for storm and we continue to work on our tricky words. Please keep practising them at home.

This Week

Our new topic is all about growing. We have kicked this off with reading and exploring 'The Very Hungry Caterpillar.' We are learning about the life cycle of a butterfly and have had a go at sequencing the different parts of the story. Each classroom has their very own garden centre.

Week ending:

26/04/2019

**Poppy Class, Bluebell
Class and Sunflower
Class**

Welcome back! We hope you all had a lovely holiday! The children are looking healthy and rested. We have really enjoyed hearing their holiday news. This is going to be an action packed half term with lots of exciting activities.

Donations...

As we are learning about growing we would love to do some planting in our outdoor area. In order to do this we are asking for any sized donation of soil. Lots or a little bit from your garden would be very much appreciate. Thank you!

Things to note...

Please ensure all PE kits are returned named please.

Also remember your wellies for Forest Fun, as the secret garden may still be a bit squelchy and it will be duty too.
