

Year One

Dear Parents and Carers,

As the weather is warming up please could you make sure that your child has sun cream applied before they come to school. It is also important that they come to school with a sun hat and a named water bottle.

We have our trip to Birdworld on Monday 1st July! Please don't forget a packed lunch for your child (unless you have requested a packed lunch from school) and a water bottle. Thank you.

English

In English this week we have continued with our book: *One day on our Blue Planet*. The children have made their own non-fiction booklets. They have written about South America, the Amazon rainforest and the black spider monkey that lives there. The children have also created a front cover, contents page and blurb! We were very impressed with what the children did. Well done!

Maths

In Maths this week, we have continued learning about the place value of numbers to 100. We began the week by comparing numbers to 100 using dienes. We were able to use the inequality signs (<, > and =) to compare 2 numbers or more. Then we moved on to ordering numbers up to 100 followed by finding one more and one less of a number. We ended our place value topic by using our number bonds to 10 to find our number bonds to 100.

Topic

In **Science** this week the children have been looking at animals, in particular animals we keep as pets. The children have thought about how we look after a pet and what they need (e.g. food, water etc.) and designed a poster.

In **Indoor PE** this week we have been practicing two new country dances. All the children have worked together really well and remembered some quite tricky moves!

Books

We are sending the English and Maths books home this weekend. In Cornflower's, and Foxglove's English books there will be a non-fiction booklet about South America that the children have written - please ensure that this is returned with the book.

Please could everything be bought back to school by Tuesday 2nd July. Thank you.
