

Year Two

Dear Parents and Carers,

We have had a wonderful week and would like to congratulate the children on their fantastic concert this week. They sang beautifully, remembered their actions and put on a wonderful show. We hope you enjoyed it as much as we did. Well done Year 2, excellent effort.

Thank you for all the DT contributions – children had great fun designing and making their vehicles this week.

The end of term is fast approaching – we look forward to a great last week next week with the children 😊

We hope you all have a happy and safe summer!

English

This week, we have been writing letters to our new teacher in preparation for our 'meet the new teacher' afternoon on Friday. Children shared information about themselves, their family and likes and dislikes. They also wrote questions they would like to ask their new teacher about life in Year 3!

Maths

In Maths, we have been working on word problems focusing on multiplication and division. We have challenged them to work out some problems that involve one or more steps. Children have also really enjoyed problem solving in partners and have had the chance to consolidate their previous learning on the different operations this term.

Topic

In Science, we learnt about the importance of exercise and made some really creative and eye catching posters. Mrs Lawn our PE teacher was very impressed. Clover class compared humans to animals and looked at their different and varying needs.

Notices

Please can ALL children bring in a named bag to start taking artwork and books home next week.

The last day of term is next Friday the 19th of July, finishing at 1:30pm.
