

## Year 4

---

Dear Parents & Carers,

It's been a fun-filled week in Year 4. We have published our instructions for 'How to Wash a Woolly Mammoth'. In Maths, we have continued working on place value, partitioning 4-digit numbers in different ways. We have also looked at placing numbers on number lines.

In History we looked at the different periods of the Stone Age to create a timeline. This week in Science we have continued with exploring states of matter, understanding that not all solids are the same.

Now that the weather is beginning to turn, please could you make sure that your child has joggers and a sweatshirt for outdoor PE. Please remember that the children will be coming home in their PE kits on Thursdays.

Have a lovely weekend.

Year 4 Team ☺

---

### **Homework Reminder**

Today the children have been tested on Week 1 spelling words. Next week we will teach the 3<sup>rd</sup> list of spellings, however they will be tested next Friday on week 2 spellings. Please encourage and support your child to learn these.

We have sent home an animal 'Top Trump' homework this week. Your child needs to find as many facts as they can about an animal of their choice. This will be to help them with their independent writing- how to wash the animal of their choice.

### **Date Reminders**

#### **Butser Farm 18<sup>th</sup> October**

There are still a few consent forms to come in so we will announce the parent helpers next week.

### **Announcements**

Please could you send in any empty, washed 2-4 pint plastic milk cartons for an upcoming art lesson. We are making woolly mammoths.

**Boxes of tissues donated would be much appreciated.**
