

Year 4

Dear Parents & Carers,

This week we have finished writing our instructions for 'How to Wash a Woolly Mammoth' and have started to plan our independent writing. In maths, we have been rounding to the nearest 10,100 and 1000.

In history, we became hunter-gatherers and went outside to find out about Stone Age food. We cooked a Stone Age dessert while designing menus of our own. In Science we set up an investigation into evaporation and condensation by setting up a solar still.

In RE, we explored symbols of Hinduism and designed a symbol that would represent us. Our Stonehenge silhouettes were completed this afternoon and they are looking fabulous.

Have a lovely weekend.

Year 4 Team ☺

Homework Reminder

Please take the time to have a look at the Home Learning Grid and complete 2 of the optional tasks. We will look at these in a show and tell format on the 11th October.

Please remember that reading is part of weekly home learning. Your child should read every day, noting the page numbers they have read in their home school diaries. One or two comments about the book each week would be good!

Date Reminders

School photographs
- 7th & 8th October.

Dads' Breakfast - 11th
October.

Announcements

We have sent out a ParentPay message to let you know who has been chosen to come to Butser Farm on the 18th.
