

Year 3

Dear Parents/Carers,

This week in Maths, we have continued looking at place value. We have been using greater than and less than to compare numbers by looking at the 100s, 10s, and 1s.

In English, we have planned and written about finding our own dragon fruit trees. We have been trying to use interesting adjectives to create detailed descriptions.

In Geography, we have continued with our topic 'The UK and Mapping Skills' by learning about different counties and what they are known for.

In Science we have continued to find out about light. We have been using mirrors and torches to investigate how it travels in straight lines and can be reflected.

We have sent Maths books home for you to look at with your child over the weekend. Please feel free to support your child with correcting mistakes and addressing action points in green pen. We will be working in books on Monday so please ensure they come back to school. Team points for those who do!

Thank you

Year Three Team ☺

Homework Reminder

Mathletics: We have set the children quite a few activities on place value and are therefore allowing two weeks for completion.

Spelling: This week, the children were tested on their spellings with contractions. Next week is statutory Year 3 and 4 words so your child will need to learn all 10 spellings– no surprise words! If you have lost your spelling list, please ask your class teacher for another one.

Reading: We would like to remind you and the children that they should be reading on a daily basis and writing comments in their diaries throughout the week. Please both hear your child read *to you*, as well as read *to them*.

Date Reminder

We still have a few outstanding flu nasal spray forms; please hand these back to class teachers ASAP.
