

Year 3

Dear Parents/Carers,

We hope you have had an enjoyable half term break.

In English this week, we have continued to learn about features of a non-fiction text such as generalisers, subordinating conjunctions and superlative and comparative adjectives. This is to prepare ourselves to write a fact file about our dragons next week.

In Maths, we have been adding and subtracting 10s to a 3-digit number. It was a little challenging as we needed to remember to exchange ten 10s for one 100 and vice versa.

As it was Outdoor Learning Day on Thursday, we spent part of our day outside. We were looking at how our shadows changed throughout the day and we noticed that not only the position changed, but also the length of our shadow. This sparked some interesting discussions in the classroom. We also had fun exploring symmetry in the playground by creating nature-inspired pictures.

Year Three Team ☺

Homework

Maths:

MATHLETICS

We have set some more tasks on Mathletics. This **must** be completed by Monday 18th November (am).

Please see the Home Learning Grid for the compulsory weekly homework. These include reading, times table practice, spelling and Mathletics.

Date Reminder

The deadline for school photograph orders has been extended to Tuesday. After that, any orders will incur a late fee.

Reminders/Announcements

Please return the *Natural History Museum* consent forms ASAP. Please let us know if you can help on the day and don't forget to tick whether your child is having a school packed lunch or a packed lunch from home.
