

Year Two

Dear Parents and Carers

Thank you very much to all the parents that joined us for the maths sessions. We hope you found it informative and enjoyed the experience.

English

We have been exploring the story of Lost and Found even further this week by creating some of our own ideas based on this book. We have created our own Arctic or storm scene and we have looked closely at the settings we will find in our stories. We finished the week by looking at model texts and drawing our own story plans. Next week we will start bringing our ideas together in a written story.

Maths

In Maths this week we have been continued to look at money. We have been practicing using larger coins and notes. We have been making different amounts and used a shop to help our understanding. Next week we will concentrate on finding change and solving simple word problems involving money.

Topic

In our votes for schools this week we discussed whether we would like to be a politician. We talked about the role of being Prime Minister. The majority of the children said 'no'!

Notices

We are very pleased with the response to the spelling journals and have enjoyed looking at all the hard work your child has completed. Please ensure the journals are in your child's book bag every Thursday.

Thank you to all the donations towards Children in Need.

To all Clover Class parents a reminder of our class assembly on Thursday 21st November at 9.00 am. We look forward to seeing you.
